

FRANCESCA TUNINETTI

JUNIOR FULL STACK DEVELOPER

📍 Based in Lugano (available in all Lugano and Milan area)

✉️ tuninetti francesca@gmail.com

☎️ 3925344406

PERSONAL PROFILE

I'm a digital professional with 5 years of experience in digital education field.

My goal is to switch my career to full stack development, that's why I am studying Computer Engineering and searching for a junior position in this field.

SKILLS

- A well-developed project coordination skill. I conducted training projects from kick-off to delivery.
- Very careful about details.
- Thanks to my experience in helpdesk I learnt how to find solutions to problems very quickly and efficiently
- C1 written and spoken English level
- HTML, CSS, BOOTSTRAP: **GOOD**
- Javascript: **BASIC**
- Java: **BASIC**
- Git versioning system: **BASIC**
- Microsoft Office: **EXCELLENT**
- Microsoft Project: **GOOD**
- Adobe suite: **GOOD**
- LMS administration: **EXCELLENT**

I authorize the treatment of my personal data.

Francesca Tuninetti

EXPERIENCE

Alientech, Learning Responsible

MAY 2020 - JULY 2022

I managed the e-learning development team handling the scheduling and timelines of the project. Together with the team, I contribute to e-learning content design and development.

FCA, Project coordinator & e-learning specialist

JANUARY 2017 - MAY 2020

During this experience, I was involved in LMS platform maintenance as a 1st level helpdesk.

After 1 year, I started working on the professional curriculum addressed to FCA workshops, assessing their educational needs and developing the required training (mostly e-learning).

EDUCATION

- Bachelor's degree in **Computer Engineering**
- High school diploma in **Liceo Scientifico Bilinguistico**
